BASIC media package

Obligatory media package for all main and co-exhibitors (€795) – already automatically included in trade fair participation

All main and co-exhibitors automatically receive the BASIC media package. It offers the most important information on the company name, address, industry and stand position for the exhibitor directories and digital services. Added to these are attractive features that increase the information value for visitors and users, e.g. logo, info text, product presentations and brand entries. Please also note the additionally bookable services (see following page) for even greater visibility and range and for recording contact data. You can also book these in the exhibitor service portal.

Exhibitor directory (trade fair homepage, trade fair app)	
Company name, stand position, postal address, website, e-mail address, telephone number	✓
Company logo	✓
Info text in German / English (text incl. links to other websites)	✓
Product keywords from trade fair nomenclature (further keywords can be booked)	Max. 15 product keywords
Linked buttons to your own social media channels	✓
Document uploads: images, PDFs, videos (each max. 150 MB)	✓
Product presentations (incl. product name, descriptive text in German / English, each with max. 4,000 characters, image, PDF, video)	Max. 5 product presentations
Brand entries (incl. brand name, logo, descriptive text in German / English, each with max. 4,000 characters, image, PDF, video)	Max. 5 brand entries
Press infos / news	Max. 5 items of press info / news
Header with key visual	✓
Contacts within the company ('team members')	Max. 5 contacts
Digital services at the trade fair	
DLG QR codes <ul style="list-style-type: none"> • Unlimited number • Exhibitors generate QR codes for their marketing content (PDFs, videos, images) and product presentations and print them out. Stand visitors scan them and are taken directly to the respective product information and documents in the company profile. 	✓
Visitor lead tracking <ul style="list-style-type: none"> • Licence for scanning visitor badges at the trade fair stand • Create notices, attach documents • Contact data recording in real time • Download and store data for subsequent evaluation and further processing 	1 licence

Record your contacts quickly, easily and in digital form

Consign to the past those times when you had to laboriously record business cards and contact forms manually following a trade fair. Scan2Lead simply provides you with all visitor information in digital form and in real time for further processing and integration into your company's internal systems. Increase the success and efficiency of your trade fair participation, make them measurable and thrill your customers with individual follow-up campaigns soon afterwards.

Your benefits

- Effective and intuitive recording of your visitor data in compliance with data protection.
- Immediate access to all of your scanned visitors' data in digital form in the Scan2Lead portal.
- Use the individually adaptable questionnaire to optimise your sales processes and optimally prepare your trade fair participation.
- During and after the trade fair, you can use the detailed dashboards to evaluate your trade fair success.
- Transfer of the data to your CRM system via free Excel export or set-up of an interface (CRM / API) subject to a fee.

How it works

- You can order additional licences and further Scan2Lead products in the exhibitor service portal.
- In the Scan2Lead portal, you can create an individual questionnaire and administer your licences and hardware.
- The hardware that you order in advance can be collected from the service point in the IC.
- During and after the trade fair, you can view all scanning activities in the portal and directly export the visitor data.

Info & booking:

Binding booking in the exhibitor service portal
contact@scan2lead.com | +49 89 444433 111

1 Scan2Lead SMART license

included in the BASIC media package

Each exhibitor receives a full Scan2Lead SMART licence for their own mobile device (iOS / Android) including access to the Scan2Lead portal. This will be sent to you by e-mail at the beginning of October 2025.

What data do you obtain when scanning a visitor badge?

included in the BASIC media package

Visitor profile data:

- Form of address
- Name
- Job title
- Company (incl. address)
- E-mail

Visitor structure data:

- Activity area
- Focal interest(s)

3 variants – SMART, COLLECT, STATION – that can be combined with one another

- From 5 products of the same type we offer a discount of 10%
- From 10 products of the same type we offer a discount of 20%
- From 50 products of the same type we offer a discount of 25%

SMART

- App for scanning barcodes or business cards
- Live data of all scanned visitors
- Addition of notes, photos, etc. (keyboard or voice recognition)
- Individually designable questionnaire
- iPads are available to hire (subject to a fee) if your own smartphones cannot be used
- Scanning in offline mode is possible. Data is synchronised as soon as online mode is activated again
- Particularly suitable for stand personnel with intensive customer contact

From €149 plus VAT

COLLECT

- Mobile mini hand-held scanners for scanning barcodes
- No Internet connection or own hardware required
- Ideal for when a lot of visitors have to be scanned quickly, e.g. on admission to a presentation
- Very simple operation (at the push of a button)
- Battery charge lasts throughout the entire event
- Independent manual upload of the leads to the portal using an available USB cable or at the Scan2Lead service counter in the IC (Information Center)

From € 299 plus VAT

STATION

- A scanner gun that is compatible with any notebook thanks to a USB connection
- Addition of information and areas of interest on the notebook
- Ideal for recording at fixed workplaces such as reception or a central information stand
- Package contains a licence (web application) + scanner gun
- A notebook can be hired on request (subject to a fee)
- Internet connection required

From € 299 plus VAT

Comparison of the 3 variants

Function	SMART	COLLECT	STATION
Digital lead recording by scanning barcodes	✓	✓	✓
Scanning of business cards	✓		
Visitor data in real time	✓		✓

Attachment of photos and sketches	✓		
Forwarding of leads	✓		✓
No Internet connection necessary	✓	✓	
Automatic back-up of all recorded data (online)	✓		✓
Local storage of all recorded data on the device		✓	

Timeline

- **24 September 2025:** Included SMART licence will be sent to all exhibitors by e-mail
- **24 October 2025:** Last day to order hardware! SMART licences can still be ordered
- **11 November 2025:** Ordered hardware must be collected from the Service Point in the Information Center (IC) in room 00.112
- **By 10. Januar 2026:** Download of the visitor data

Do you require any further information about the functions or examples of how you can use Scan2Lead at your stand?

You can find a more exhaustive overview of functions and various example scenarios here. ►

Please contact us for individual advice and a personal, free product demo.

[To the Scan2Lead product video](#)

Scan2Lead portal (included with all variants)

Your Scan2Lead portal is your information center for your trade fair contacts and lead management. All of your collected leads are available here in digital form for further processing and qualification.

► To the Scan2Lead portal

Good to know

- Data use: on registration, visitors are exhaustively informed about our data protection notices. The data is only forwarded on voluntary use of the service by having one's own badge or mobile ticket scanned. Having them scanned is regarded as consent in this case.

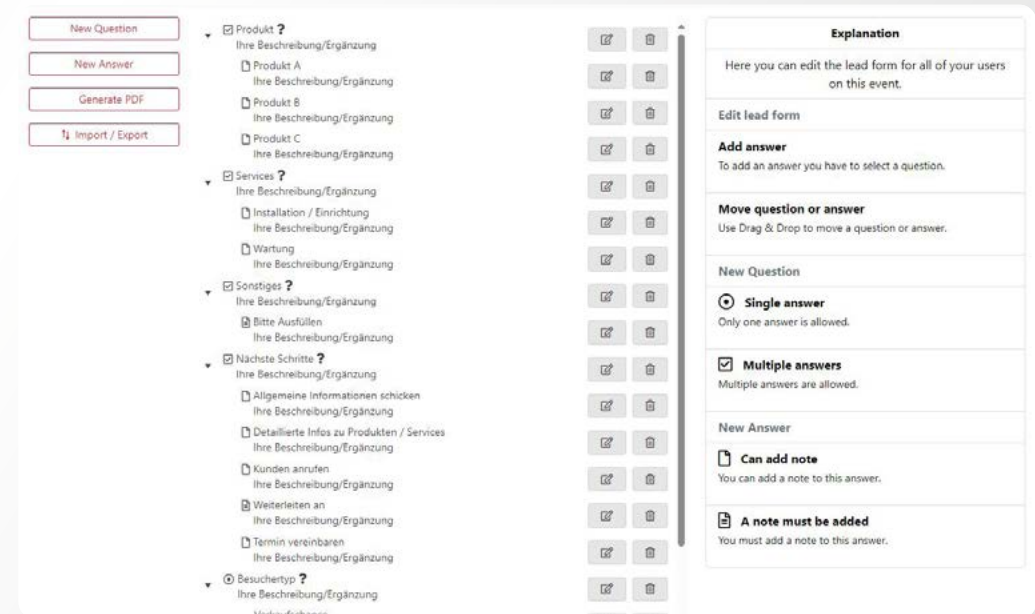

Dos and don'ts:

- ✓ Use the data to contact visitors in the context of the trade fair and to provide information about scanned products and services, e.g. also to extend an invitation to the next AGRITECHNICA.
- ✗ Separate and explicit consent for regular contact is required to send visitors a newsletter.

- Frequently asked questions (FAQs) – you can find the answers here www.agritechnica.com/en/exhibit/faq und im [Scan2Lead Help Center](#)

Portal

- All recorded leads at a glance
- Evaluations, statistics and graphical representations at a click
- Administration of events, users, licences, lead forms and data
- Set-up of individual lead forms and definition of areas of interest in advance
- Export of all recorded contacts to the company's internal systems

Visitor advertising | Vouchers

Increase your trade fair success with customer invitations!

Use our invitation management to retain customers, win new ones and increase your sales.
Three good reasons to invite your customers to AGRITECHNICA at a special price.

1. Customer loyalty

Strengthen relationships through personal invitations. Show appreciation and increase trust in your brand.

2. Direct contact

Use the trade fair for personal personal interactions. Meet customers, understand their needs and answer questions directly.

3. Data update

Receive up-to-date customer data through personal registration. Track visitor activities in real time.

How it works:

Invite your guests conveniently via the ticket service centre (TSC):
[Exhibitor service portal](#)
→ Service orders
→ Invite visitors

You can see live which vouchers have been registered by whom and redeemed at the trade fair.

You are provided with the visitors' registration data and can download them directly

The following are invoiced only the vouchers actually redeemed vouchers

Info & booking:

Download at [exhibitor service portal](#)
→ Service orders → Invite visitors

SYSTEMS & COMPONENTS | Free advertising material

We offer various customisable advertising materials free of charge for your trade fair communication:

- Signature for your e-mails
- Banners for your online advertising
- Design templates for social media

Personalisable

- The banner generator enables you to easily and quickly personalise the advertising materials.

Trade fair homepage (exhibitor database)

In the months prior to and during the exhibition, www.agritechnica.com is one of the industry's most highly frequented media worldwide. Your company profile benefits from the numerous visitors by means of linked banner advertising. Your banners advertise for you on the trade fair's homepage for six months: for visiting your stand at the exhibition and for visiting your website.

- Duration: any time from September – 6 months (or start subject to agreement)
- Call-up numbers: at least 4 million ad impressions per banner
- Linking: to your own company profile or a website
- File format: png

Advertising format	Note	No. of places	Price
Exhibitor search banner – TOP	Above the alphabetical exhibitor list	4	€2,490
Hall plan banner – TOP	Above the hall plan (full size)	1	€2,490
News banner – TOP	Above the news list	2	€1,990
Event calendar banner – TOP	Above the calendar	4	€1,490
Speaker banner – TOP	Above the speaker list	2	€490
Visitor profile banner – TOP	Above the visitor profiles	4	€490
Exhibitor search banner – PRIME	To the left of the alphabetical exhibitor list	6	€1,990
Exhibitor search tile – top of the list	Between TOP banners at the top and alphabetical exhibitor list. On trade fair homepage and in trade fair app	6	€1,490
Product search tile – top of the list	Between TOP banners at the top and alphabetical exhibitor list. On trade fair homepage and in trade fair app	6	€1,490

Young Farmers Party | Sponsoring

The place to be

The Young Farmers Party is cult! It has been inspiring the young farming community for over 20 years. Every year thousands of fans from all over the world flock to AGRITECHNICA or EuroTier to party and network. Let us show you how you can harness the Young Farmers Party to promote your brands!

The party

The Young Farmers Party takes place annually at the world's leading agricultural trade fairs organised by the DLG in Hanover, EuroTier and AGRITECHNICA.

The fans

Around 4,000 enthusiastic fans are expected to attend the Young Farmers Party in 2025. Among them will be many current and future decision-makers from Germany and abroad. You are guaranteed to reach your target group here.

The brand

Young Farmers Party – Made by DLG. This party is a brand which has enthusiastic fans. Become a sponsor and benefit from the party's positive image within the community and in the social media.

The programme

Celebrate after the trade fair visit. Now is the right time for sustainable brand loyalty – innovative and emotional. Hit the nerve of young farmers with our infotainment slots.

The DLG

DLG with its large and international network of farmers is the organiser and host of the Young Farmers Party and AGRITECHNICA. Our 'Young DLG' organisation alone offers 8,000 young farmers an optimum setting for networking.

Junge DLG | Guided Innovation Tours | Sponsoring

Guided Innovations Tours of the Junge DLG on Young Professionals Day (14.11.2025)

JungeDLG[®]

Guided tours of the trade fair will be offered on the topic of 'Top innovations in agricultural technology' with different focal points. Students from the universities of Rendsburg and Weihenstephan are offering the guided tours on Young Professionals Day in cooperation with the Junge DLG. Interested trade fair visitors can take part by registering in advance.

We offer your company the opportunity to support the Guided Innovation Tours as an exclusive partner company:

- We mention your company as an official partner of the tour in the title: 'Guided Innovations-Tours powered by company name'.
- Your company's stand will be the final tour stop. You will therefore have the opportunity to present your company and your innovations.
- We offer you 3 free places to take part in the tour.
- Your contribution: at the end of the tour, you provide participants with a free drink and optionally a small snack at your stand.

Sponsorship: € 2,500 € plus VAT
